- Adults 50-64 years old:
- Flublok is 100% egg-free
- Flublok is highly purified and preservative free.
- Three times more antigens than traditional flu vaccine.
- Available to private insurance patients only.

Fluzone High-Dose

- Adults 65 and older:
- Fluzone HD Vaccine is preservative free.
- Will bill Medicare for vaccine.

FLU CLINIC FRIDAYS

We will be hosting a Walk-In Flu Clinic every Friday in October, from 8:00am – 11:45am at the Health Department, 712 S. Main Street.

No appointment necessary for flu vaccines for anyone 2 years of age and older.

Individuals who have trouble getting around, can request to remain in their vehicle for their vaccination.

We will come out to you.

Call (620) 672-4135 to make a request.

Appointments are preferred for all other multiple vaccines and other service appointments.

We will submit all vaccines to insurance if available. **Patients will be financially responsible for what their insurance does not cover. It is the patient's responsibility to know what their insurance will/will not cover prior to their vaccination.**

For more information, please call the Pratt County Health Department at (620) 672-4135.
